Introduction (Times New Roman, 12 Font size, Bold, align left, Capitalize each word without words such as of, a, and, or etc)

The extended abstract is a more elaborate version of the abstract that describes the research work being carried out and the research outcomes. The body of the extended abstract should be organized into sections; Introduction, Methodology/Experimental Design, Results and Discussion, and Conclusion followed by references.

Formatting Details

The extended abstract should be written in Times New Roman, 11pt size font and the document should be single-line spaced. Top, Bottom, and Right margins of the page should be set to 2.5 cm, and the left margin should be 3 cm. **The page limit is three (including the references).** The fonts, sizes, and styles for the title, names of authors, affiliations, should be as shown in the header of the paper. The name of the presenting author should be underlined. The corresponding author should be identified with a <#> sign above the author's name and his/her e-mail address should be provided as indicated above. Extended abstracts should be submitted in Microsoft® Word format.

Figures and Tables

The introduction should present a brief background of the study, research problem, and the objectives. The methodology should be minimal, sufficient to understand the research design. You may include supporting figures, tables, and images as necessary. All the tables, images, and figures should be centered and numbered (See Figure 2 and Table 2 for example) and figure legends should be placed under the figure or image. The table header should be placed at the top.
